THE WILLAMETTE FARMER.

Devoted to Agriculture, and the other Industrial Interests of the North Pacific Coast.

RECOMMENDED BY THE STATE AGRICULTURAL SOCIETY.

THE NECESSITY WHICH HAS SO LONG EXisted in Oregon for a journal where Farmers and other laboring men could meet and discuss their mutual interests, is obviated by the establishment of *the Willamette Farmer.*

The paper will advocate and labor for all interests that will advance the prosperity of the Farmer and Mechanic; and will have in view especially the encouragement of the *cultivation and improvement of the soil,* and the agricultural development of the State; fostering every branch of mechanical and household arts calculated to increase the happiness of home life; and extending and facilitating the various branches of Agriculture, Stock-Raising, and Mining and mining interests.

Especial attention will be paid to the department of

Domestic and Eastern News,

And the subscribers to the FARMER will receive each week a careful and complete synopsis of all the news of the State and adjoining Territories, compiled from our exchanges and other sources, as well as a summary of Eastern telegraphic news,—thus furnishing our readers a complete

What Our Exchanges Say.

"It is just the paper every farmer in Oregon needs. No man is better acquainted with every department of Oregon agriculture than Mr. Jno. Minto. We wish the enterprise all possible success."—*Pacific Christian Advocate.*

"Oregon needs an agricultural paper, and we know not why this one will not supply the want."—*Courier.*

"The Agricultural and Geographical Statistics of Oregon, by A. J. Dufur, Esq., which will appear in each number, by counties, will be found well worth the subscription price of the paper to every citizen of the State."—*Democratic Press.*

"Their perusal [Agricultural and Geographical Statistics] is well worth the subscription price of the paper for one year."—*P. C. Advocate.*

"Is filled with matter interesting to all persons as well as farmers. * * * We hope the FARMER will prove, as it deserves, a success."—*Commercial.*

"Every farmer should assist in sustaining this paper, as it is directly published for his benefit."—*Mountaineer.*

"Being edited by John Minto, guarantees it a reliability as an agricultural paper."—*Eugene City Guard.*

"We judge from the first number that the farmers and mechanics will want it not only for the information it will contain pertaining especially to their vocations, but for its current, general and local news."—*Oregonian.*

"Is filled with matter interesting to all classes of the Oregon public, and especially to the agricultural."—*Polk County Signal.*

"The people should support it."—*State Journal.*

"Filled with valuable and interesting matter for the farmer and stock man, besides the current news of the day."—*Olympia (W. T.) Transcript.*

"Contains excellent reading for farmers."—*Grand Ronde Sentinel.*

"Every farmer should subscribe for it."—*Vancouver (W. T.) Register.*

THE MAMMOTH OX!

TO THE PEOPLE OF OREGON: LOOK TO YOUR INTERESTS!

F. M. MORRIS AND W. C. AVERY,

BOTH OLD OREGONIANS AND HAVING, NO doubt,

THE LARGEST OX IN THE WORLD!

propose to the people of Oregon to take this Monster OX to the Atlantic States and exhibit the same as an *Oregon production, and before leaving the State they* wish every man, woman and child to see

Mt. Hood upon Legs!

and in order to give them an opportunity, they will exhibit him in the principal towns on the Willamette, for the sum of 25 cents, children half price. Their object in doing this is to raise the necessary cash to pay transportation. All those who think it would have a tendency to wake up the people of the Eastern States to realize the fact that there is such a place as Oregon on the Pacific Slope, and that not only large cattle but every thing else is far in advance of the rest of the world, and that all that is required is industry and economy to realize a fortune in Oregon in a few years at most—and the best place to enjoy life after you have accumulated a fortune.

Business men—make a note of this and remember—MONEY MAKES THE OX GO, and patronize accordingly.

The MAMMOTH OX has been removed to the corner of Morrison and Third streets, where he can be seen through the day and until 10 o'clock at night.

☞ W. C. Avery will also have a supply of MRS. STIPP'S THORACIC BALSAM on hand. m27dtf

THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO.

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco, in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is perfectly safe and harmless to all.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation there is not the least trouble. *Hundreds* have used it who are willing to bear witness to the fact that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it, as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleaning the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies *slightly* in different persons, the *average* time being about *Five* days. Some have no desire for Tobacco whatever after using the Preparation *Two* days.

The *Health* and *Purse* of every Tobacco user in the country calls loudly, *STAND N THE USE OF TOBACCO*

RECOMMENDATIONS.

The following are a few selected from the multitude of recommendations in our possession:

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the appetite for Tobacco, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly* and *permanently,* and without any bad effect upon the health, and without creating an appetite *either for the Preparation or any substitute.*

From Samuel Cessidly, Editor Journal & Argus:

PETALUMA, CALIFORNIA, Dec. 14, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco in any form. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

☞ *Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor, or his duly authorized Agents.*

The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country securely sealed from observation, with passage paid on receipt of price.

How to send money by mail.—Enclose the amount in a letter, *seal carefully, register the letter and take a receipt for it of your Postmaster.* Money sent by mail as above directed at my risk. Address

HIRAM SMITH'S Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c. as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Lane county, Oregon, and its vicinity, to which the following persons will bear witness:

R. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER	ROB'T RAMSEY,

And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE NO PAY and NO INJURY plan.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Disease.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down [illegible] tions, disqualifying them for the happiness of [illegible] or the enjoyment of life. In this horrid [illegible] sands suffer until death closes the scene. Let guardians, friends, attend to those who are suffering of any of these horrible life-destroying maladies [illegible] they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made *private disease his especial study for years,* and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you *may fall into* the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, *pain in the head, ringing in the ears,* noise like the rustling of leaves and rattling of chariots, [illegible] about the joints, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of [illegible] flushes; pimples and various eruptions about the face, furred tongue, feted breath, coughs, consum [illegible] night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never [illegible] of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] rily to him that he was cured of his complaint by [illegible] of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are [illegible] under any of these fearful maladies, should not forget the sacred and responsibility resting upon them nor delay [illegible] obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating [illegible] toms, length of time the disease has continued, and have medicines promptly forwarded, free from [illegible] curiosity, to any part of the country, with full [illegible] directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and [illegible] who, with bogus sworn-to certificates, dupe the [illegible] Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and be [illegible] too lazy to work at their trades. Some are tin [illegible] makers, newspaper carriers, intelligence office [illegible] etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will *find their former occupations in it. Look at the* [illegible] tory for 1862 and 1863. The only way to avoid [illegible] tion is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know [illegible] what they are. Dr. Gibbon does not deceive [illegible] by exhibiting bogus titles, certificates, pretended [illegible] letters, etc. Dr. Gibbon will satisfy persons who may *call at his office of his ability to treat dis*[illegible] that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco. Post Office Box 252.

FROM SALEM.—We clip the subjoined items from the Unionist of yesterday:

Miss D L Dix, the poetess and philanthropist, came up on the boat last evening, and is now stopping at the Capital Hotel.

Hon. P. C Sullivan has been selected to deliver the oration at the Dallas, Polk county, celebration.

Mr. Thomas Cross, proprietor of the Cross meat packing establishment, is very sick. His physicians thought he was some better yesterday evening.

The Oregon and Washington Health Reform Association held its annual meeting, on the 3d inst., at Amity, Yamhill county. A very pleasant meeting was had. The next annual meeting will be held at Silverton, in this county.

The will of Paul Loller, lately deceased, was admitted to probate. Among the items, is one giving to the Orphans' Aid Society the sum of one hundred dollars.

RAIN FALL AT FOREST GROVE.—The *Willamette Farmer* says: "We are indebted to Prof. G. H. Collier, of Pacific University, for the following. The fall of rain at Forest Grove, during the months of March and April of the present year has been as follows: March 7th, 8th, and 9th, 0.245 inches; March 18th to the 31st, 4.230; Total for March, 4.475. April 2d, 0.105; April 13th to the 31st, 3.115; Total for April, 3.220. Total for March and April, 7.695. The rain gauge is observed at 2 P. M. and whatever is found in it is noted as the rain of that day, often including some rain which fell on the previous day. The altitude of Forest Grove, determined from a mean of more than a thousand barometric observations, is 216 feet above the sea level. The altitude of Gale's Peak, four miles west of Forest Grove, is 1,396 feet above the Grove, or 1,600 feet above sea level. Chehalem Peak is about thirty feet higher than Gale's Peak, though my [illegible] on this last are not very reliable.

DEATH OF AN UNFORTUNATE.—The *Tidal Wave* gives an [illegible] of the death at Silver City of a noted Cyprian [illegible] Ada Eaton, and known as "Oregon Sis." It says: "This woman, more modest and retiring than a majority of her class, was an orphan, and came to Portland, Oregon, from Missouri, in 1854, then only eight years of age, with a family by the name of Martin, with whom she lived in innocence until 1857, or 8, when her guardians moved to the mines, leaving their ward to learn the milliner's business in Portland. While in her apprenticeship she became acquainted with a villain, now rich, married and respectable, who, taking advantage of her youth and confiding nature, wrought her ruin and sent her forth an outcast and a wanderer upon the earth. Who is the "villain?" The *Wave* should have [illegible] him that he might wear the brand of a villain, in public.

THE FOOLS NOT ALL DEAD.—This proposition is sufficiently proved by the following from the Victoria *News* of the 4th inst:

"We understand from very good authority that a large body of men have enrolled themselves in the Fenian corps in Portland for the purpose of making a raid on Vancouver Island or British Columbia. We think the authorities ought to hold the militia in readiness, in case any attempt is made by Train and his accomplices to kick up a row against the British Government at our expense. We have seen so many paragraphs in private letters from San Francisco and Portland, stating the intention of the [illegible] to pay us a visit, that we think there must be some truth in them, and would warn the authorities to take prompt action to meet the emergency, should it arise."

GOING TO THE SEA-SIDE.—The warm [illegible] has come [illegible] early this year and already many people are beginning to think of, and prepare for, going to the sea-side. A few parties have already gone, while others have appointed a time for starting. We learn that at Astoria and [illegible] beach preparations to receive visitors are more [illegible] than ever. We find that people up the valley, are [illegible] going to seek the sea-shore. The *Farmer* [illegible] says: "The road through the mountains to [illegible], at the mouth of Salmon river, we learn, is in good repair, and passable for carriages and buggies. [illegible] are already taking this route to the ocean for [illegible]."

IMPORTANT CHANGE.—We learn that an order has been [illegible] at the Headquarters of this Military Department [illegible] the authorities of a very important change [illegible] Indian system. The Superintendencies and [illegible] are to be turned over to the military. Major [illegible] McK. Hudson of the 14th U. S. Infantry is designated as Superintendent for the District of Oregon. We are not advised as to the names of the Agents, nor [illegible] all the civil appointees are to be superseded. The [illegible] referred to is a general order, by the President, [illegible] Gen. Sherman.

[illegible] GONE DEAD.—It seems that the [illegible] of the [illegible] has commenced at the East. The New [illegible] says that the inglorious career of the "iron steed" which has cavorted so wildly over the floors of the velocipede halls is apparently [illegible] to a close. On the 19th of May there was a [illegible] sale of velocipedes at auction in New York city. A [illegible] of second hand machines were sold at low [illegible] that the principals were tired of [illegible], and that the [illegible] by new practitioners is not lively.

[illegible] EXPORT.—The *Commercial Herald* in [illegible] up the receipts at San Francisco, of treasure, [illegible] ending with May, credits Oregon with [illegible] $705,404, for the corresponding period [illegible] year. During the same time, British Columbia [illegible] $34,801 from the sum furnished last year. When [illegible] consideration that our mines have produced [illegible] this year than last, and that, therefore, a very considerable part of the exported treasure has been taken [illegible] it will no longer be wondered at [illegible] getting tight.

[illegible]—Dr. W. T. Wythe, who went out last year with the [illegible] to Ft. Kodiak, as surgeon for the [illegible] returned by the *Gussie Telfair*, Wednesday. He is now on leave for the purpose of visiting [illegible] and friends in this State. He is a son of Rev. [illegible] Wythe of this city, and a graduate of Willamette [illegible] of Salem. At the time of the wreck of the [illegible] on which he sailed last year, he lost all his stock of [illegible], medicines and hospital stores. One object [illegible] to supply [illegible] with the necessary articles [illegible] and medicine.

[illegible] REPORT.—A gentleman who came down from [illegible] yesterday, says that a report had reached that place via Umatilla, to the effect that Walla Walla [illegible] had given Moore 64 majority. The report is not [illegible] much credit, as the county has in all probability given a larger Democratic majority. Two years [illegible] Frank Clark had 124 majority. It is more likely the report refers to the town of Walla Walla. It is [illegible], however, that the county has gone Democratic any stronger than two years ago.

ALL THE WAY FROM MINNESOTA.—We received a letter [illegible], all the way from Stillwater, Minnesota, enclosing a ten cent Government engraving, for which the [illegible] desires us to send him a copy of our newspaper [illegible] wants to learn therefrom "all about farming and business in [illegible]," with a view to emigrating hither. The moderate amount of information wanted as [illegible] the quotation above, will hardly be supplied [illegible] worth of newspaper, but such as we have we send him hoping that it may fetch him.

FROM VANCOUVER.—A correspondent at Vancouver [illegible] under date June 8th: "Garfielde's majority is [illegible] Clarke county. The whole Republican ticket is [illegible] J. F. Smith ran eleven ahead of his ticket. The Dalley-Fletcher case was tried before him; this shows [illegible] people endorse Smith. Nearly all the precincts [illegible] gave votes for J. F. Smith of this precinct! [illegible] Frank Clark has started for Salt river via [illegible] Democrats are hunting their holes, and pull the holes in after them."

[illegible] SCHOOL EXHIBITION.—We hope everybody will [illegible] the Sunday School Exhibition at the M. E. [illegible] this evening. The exercises will begin at half-[illegible] o'clock, and will consist of essays, recitations, quartettes, etc., together with the building of a [illegible] to be emblematic of a Christian character. This, [illegible], will be a beautiful spectacular representation. In looking over the programme, we notice a [illegible] of excellent musical selections.

FAIR SPECIMENS.—Yesterday, Mr. Phillip Wyman, of the Franklin Market, sold to Lewis Davenport of [illegible], four live hogs which weighed respectively, [illegible], 300 and 292 pounds. They were raised and [illegible] by Mr. Wyman, and may be taken as very fair [illegible] hogs of the Webfoot persuasion. They [illegible] very fat that they gave out during the short [illegible] from Wyman's to the O. S. N. Co's dock, and had [illegible], like high-toned swine, on a dray.

[illegible] LEAP.—Two or three days since, Mr. Boynton, of [illegible] county, was riding a horse across one of the [illegible] bridges, when the horse, which was blind in one eye, became frightened, and leaping suddenly to one side, went sheer over the edge of the bridge and fell [illegible] of twelve or fifteen feet. The horse was badly [illegible] though not killed. Mr. Boynton, by an agile [illegible] the horse's back as he went down, escaped with slight injury.

[illegible] says: "A friend of Mr. Irvine Leon[illegible] of this city, who some months ago went on a visit to New York, to recuperate his past failing health, has received a letter from him. He expresses [illegible] at the climate there, and says he will never be induced to spend another winter in that [illegible]. The probabilities are that he will return [illegible] in a few months."

[illegible]—Lt. J. A. Waymire since his arrival at [illegible] has received information of his promotion to be [illegible] in the 1st U. S. Cavalry. His company [illegible] to Arizona and he was under orders for that [illegible] when he obtained his leave of absence to visit [illegible]. Along with the news of his promotion, comes [illegible] of his transfer to the command now at Camp [illegible], Oregon.

[illegible] IRON.—We learned from responsible authority [illegible], that the report concerning the purchase [illegible] iron for the East Side road, is true. It will [illegible] in Portland in July or August, which will be as soon as it can be used. We did not learn when work will be resumed, but it was intimated that it will begin [illegible].

PRICES OF WOOL.—Our merchants, says the Salem [illegible], are paying 21c for fair grades. We have knowledge of 25c being paid for extra merino, and are informed that 30c was paid John Cogswell, of Eugene City, for [illegible] wool, for shipment. The market price for wool [illegible] set down at 21c, with a downward tendency.

[illegible] DAMAGES.—We are informed that Mr. Miller, who was some time since injured by being thrown [illegible] at East Portland, has commenced suit against the parties [illegible] to recover damages. We did not learn the amount claimed.

NEW VARIETY OF STRAWBERRIES.—Mr. Luelling, of Milwaukie, has produced a new variety of strawberries—the product of a cross between the Hovey Seedling and Peabody's Seedling. The berries are large, handsome and of fine flavor, and, we think, will be found a valuable addition to the strawberry family.

MR. CHAS. WHEATLEIGH.—We see by the *Figaro and Dramatic Review*, of San Francisco, that on the 20th ult., Mr. Chas Wheatleigh was engaged in producing sensational dramas at Salt Lake, in conjunction with Miss Annie Lockhart.

GOING TO OLYMPIA.—Hon J. H. Mitchell, of this city will deliver the oration at Olympia on the 4th of July. The Olympians in looking for an orator have made a good selection.

NOT FOUND.—The friends of young Haynes, who was drowned at Ash Island, have been dragging the river for two days for the body, but without success so far.

FOR PORTLAND.—The *Oriflamme* sailed yesterday from San Francisco for Portland.

EDITORIAL VISIT.—Bro D. C. Ireland of the *Enterprise* gave us a call yesterday.

HARD ON SAN FRANCISCO.—Referring to the fact that the San Francisco merchants have given public notice that they will not receive silver in payment of debts in sums exceeding ten dollars, save at a discount, the *Inland* (White Pine) *Empire* says:

From this we infer that silver is at a discount in a city that is trying to control the trade of this great interior basin, the mineral product of which is pure chloride silver. As there is no demand for this product in San Francisco, we recommend that the stream of silver bars flowing hence go to the East, whither the bullion drift is now going. Where silver coin in bulk, amounting to above ten dollars, is refused, the question recurs whether this great silver-producing region had not better pour its stream into the East until merchants there refuse to take more silver than ten dollars at a time. In all the Eastern States coin of any description makes the eyes of merchants shed tears; in Utah onions do the same thing; in San Francisco, where more than ten dollars are offered at one time, a pugilistic attitude is assumed, and the creditor is refused liquidation of his accounts in that coin. Manifestly, there is something wrong in the silver circulating medium. It should evidently go East where there is so little of it.

TWO PROBLEMS—WHAT ARE THE ANSWERS?—A man bought a pound of copper for twenty-seven cents. Two per. cent. was lost in moulding, and he then sold the balance, gaining forty-seven per cent. on the original cost. At what price per pound did he sell it?

If six cats catch six rats in six minutes, how many cats will it take to catch one hundred rats in one hundred minutes?

The Supreme Court of Michigan has decided the long vexed question of homœopathy in the Ann Arbor University. The decision puts the whole case in the hands of the regents, who are known to be opposed to incorporating a homœopathic department in the medical school.

"LIFE SAVINGS AND LOAN BANK."—The people of the city patronize the OREGON DISPENSARY in order to save money and procure a loan of longer life by using our FRESH, PURE and RELIABLE remedies, which are daily dispensed and preferred by the MOST RESPECTABLE and TALENTED PHYSICIANS in this city. Everybody takes a pill in patronizing our Store and thereby obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other *notas*, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary.

LORYEA & KALLENBERG,
73 First street, Portland

A busy man is a locomotive, and life a track. Every night he drives into "the house" and stops. Every morning he is fired up anew, and away he goes switching off in one direction and then in another. In this routine of bus'[illegible] he forgets that the physical organization is of the most delicate kind. It a hard iron locomotive needs con[illegible]nt care, and to be well oiled up and rubbed off every day, how much more necessary is it that all men and w[illegible] should use the PLANTATION BITTERS, which is the *ne plus ultra* of everything which is necessary to keep the system in a perfect tone of health.

VALUABLE TESTIMONY.—The following recommendation comes from a source of such well known and indisputable [illegible] acter, that it requires no co[illegible]nt beyond its publication:

I have given '*Kane's Imperial Condensed Soap*' a thorough and impartial trial, and am satisfied it will do all that is claimed for it. I washed three dozen white shirts, using half a bar of soap. It did its work well, requiring no rubbing, and I cheerfully recommend it as the best Washing Compound I ever used.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of all con[illegible], the very flattering, though unwilling, testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

Paper Manufacture.

The Clackamas Paper Mills have been running steadily for several months, most of the time on manila and straw papers. But the obtainment of a supply of chemicals from the East has enabled the mills to commence on white paper again, and several newspapers of the State are now printed on paper of Oregon manufacture. The success of this enterprise demonstrates the fact that almost every branch of manufactures could be established with advantage in Oregon. If we can make paper here we can make almost anything that we require.

The invention of paper, which is probably due to the Chinese, is undoubtedly one of the most important ever made. One of our scientific journals has some notes on paper manufacture which present many points of interest. There have been and are yet many persons whose endeavors have been directed to the discovery of a substitute for the common materials, linen and cotton fibre, of which paper is mostly made. Until the present century no substitute was discovered, and even now there is no substitute which is in general use. Many mills make papers which contain from twenty to fifty per cent. of wood, and straw is also used as a partial substitute for linen and cotton in the manufacture of white paper. But these materials can only serve as such to a certain degree. Wood can not replace linen altogether, any more than straw. The straw fibre, though exceedingly firm, possesses too much transparency; and the wood fibre, though very smooth and elastic, and capable of taking on the highest finish, [illegible] that [illegible] of firmness necessary to make it a fitting material for the manufacture of the [illegible] kinds of paper. The very best [illegible] of paper that can be made without the addition of rags are perhaps those consisting of equal parts of wood and straw. Such a paper is turned out in large quantities by the Philadelphia paper mill upon the Schuylkill river, the largest of the kind in the United States.

With respect to the economical side of the [illegible] however, both of these substitutes offer decided advantages. Though requiring more mechanical power in order to bring [illegible] to the paper degree of fineness, they are, nevertheless, considerably cheaper than rags, and require a smaller amount of chemicals for the necessary bleaching process. The wood, [illegible], suffers a waste of only ten per cent.; straw, however, from thirty to seventy per cent., according to the paper made. There does not seem to be an absolute superiority of one over the other. Local conditions appear to [illegible] the question as to which takes the [illegible].

The process for making paper from wood and straw [illegible] at the Philadelphia paper mill is [illegible] that of Mr. Voelter, in Germany. Some [illegible] in the apparatus have [illegible]. The wood employed is poplar. Wood and straw are cut with an ordinary rag cutter, after which they are subjected to the action of caustic lye for several hours. This [illegible] is carried on in common boilers, [illegible] for the wood having a diameter of three feet and a height of [illegible] feet. Two of [illegible] will hold one cord of wood. The boilers for the straw hold from 4,500 to 5,000 [illegible] having a diameter of six feet and a length of twenty feet. The lye is conveyed to and fro through a heated coil of two-inch pipe at a length of three hundred feet. The [illegible] of the boilers are subjected to a pressure of fifty-eight pounds per square inch. The raw materials, after having been reduced to a pulp, are bleached by the application of hypochloride of lime, and otherwise [illegible] in the same manner as pulp from linen [illegible]. The Philadelphia mill obtains 800 pounds of paper from one cord of wood, and fifty per [illegible] less than the preceding amount [illegible] one ton of straw. Four tons of paper are [illegible] daily.

As it has been found impossible to obtain any [illegible] to linen and cotton fibre, and [illegible] of paper has grown to [illegible] proportions, no article is in [illegible] demand in the markets of the world [illegible] old linen of every kind. Every nation is anxious to keep its old rags at home.

Aid and Comfort for Repudiators.

The Salem *Press* is splitting hairs on the subject of repudiation. In other words, it is encouraging the idea of repudiation while appearing to protest against it. The *Press* charges us with misrepresenting its position in classing it with the repudiators, though at the same time it pursues such a course as to give the repudiators all the countenance and encouragement they could wish. While pretending to condemn the doctrine of repudiation as "revolutionary resistance to lawful authority," it says also that "the bonded debt of the United States was contracted in fraud." Now if it was contracted in fraud why should it be paid? Is there any moral or legal obligation to [illegible] the payment of any debt so contracted? Inculcate the idea that the debt originated in fraud and its repudiation follows as a [illegible] of [illegible]. Those Democrats who say or believe that the debt is a fraud upon the people and then demand that it shall be [illegible], are logical and consistent in their demand. He who declares that the debt was "contracted in fraud" and then states that a refusal to pay it would be an unjust and revolutionary proceeding, is either illogical or dishonest. People will not listen with any patience to one who so utterly stultifies himself.

Washington Territory Election.

Nearly all the counties from which returns have been received show gains for Garfielde as compared with the vote of two years ago. In Clarke county Garfielde has 85 majority, a gain of 22. Cowlitz county gives Garfielde 17 majority. In the last election it was a tie. Thurston county gives a majority of 49 for Garfielde, a gain of 29. Large gains are also reported in Jefferson, Kitsap and Clallam counties, where Garfielde is said to have 400 majority. Moore has 20 majority in Pierce county, a Democratic loss of 30. In Skamania county Moore's majority is 57, a gain of about 40. A small gain for Moore is also reported at Seattle. Garfielde's majority this side of the mountains will certainly be 500, perhaps more. He is undoubtedly elected.

Except for the benefit of the Democratic editors it would not seem necessary to explain that there is nothing extraordinary in the fact that General Grant returned only $566 as his income last year, since the tax had already been paid, by deduction, from the salary he received from the Government. Brick Pomeroy constantly recurs to the return as proving conclusively that the President is a perjurer.

Mr. Garfielde's Triumph.

The election of Mr. Garfielde in Washington Territory is a double triumph. It is a magnificent triumph over the Democracy and a great personal triumph for Mr. Garfielde over those Republicans who so bitterly denounced, maligned and opposed him. He has gained the most splendid victory ever obtained by a Republican in Washington Territory, and he may be well proud of the magnificent success he has achieved before the people. He had to meet a candidate who was selected against him on account of his availability and honorable record, he had to combat the prejudices which have been created by appeals to the ignorant and unthinking in relation to the fifteenth amendment; he had to meet and overcome a powerful effort in his own party to secure his defeat. Such a triumph as he has gained under these circumstances is no ordinary achievement. He has at once put down the Democracy and crushed the faction in his own party that sought to defeat him.

In General.

We have heard from Beach of Puget Sound. "The band is still playing." Does the *Herald* hear the music?

In Clarke county, W. T., the straight Republican ticket is elected throughout. The Republican party in that county is gaining steadily. Until two years ago the county was always largely Democratic.

After all, we guess the Republican party is not dwindling and going down. It has been so reported occasionally, but there is probably some mistake about it. At all events, if it's so the people in Washington Territory haven't found it out.

Alluding to the cost ($60,000) of one of Seward's cable dispatches, which has just been paid out of the Treasury, an Eastern journal says it is indeed a great blessing that official garrulity is at an end and that we now have a "reticent" Government.

The New York *Post* cites five prominent Democratic officials in that city who have divided among their family connections twenty-three good offices. All these gentlemen are very much shocked by the favoritism shown by General Grant in his official appointments.

The number of German immigrants who arrived at New York for the first four months of the present year was 25,434. Ireland sent 17,441 and Sweden and Norway nearly 5,000. It is stated that more than 30,000 persons are now at Copenhagen awaiting transportation to this country.

According to the Portland (Maine) *Press*, Mr. Fessenden says that the popular interpretation of Mr. Sumner's speech is not correct, that he entirely sustains the views of the speech, and that it does not insist upon such extravagant demands as the *Pall Mall Gazette* and English journals generally assert. Mr. Fessenden thinks that no American was so well qualified to present our claims at the English Court as Mr. Sumner himself, because he was master of the whole question, and would urge our demands with consideration and dignity.

We have occasionally alluded to the terrific struggle which is going on between the Democracy and the Chinese to decide which shall be the ruling race. The *Herald* meets our kind efforts in behalf of its party with the churlish remark that we are "poking our nose into other people's business." This controversy, then, is one which concerns the Democracy and Chinese, exclusively; and they must fight it out. But the *Herald* shouldn't be so snappish because we sympathize with the poor Caucasian Democracy in this mighty struggle. It's human nature to sympathize with the weaker party.

For more than a month the *Herald* has been bestowing nearly all its energies on the Washington Territory canvass. It has told us that the main issue was the fifteenth amendment. It looks now as if the Republicans had carried the Territory by a good, round majority. At any rate, they have carried the Legislature. So we suppose the *Herald* now expects that body to ratify the amendment. The returns so far indicate that a large majority of the people of the Territory believe that they will be fully able to stand up against Chinese competition. But we fear the Democracy will be compelled to take a seat behind John Chinaman.

Chief Justice Chase, in the Griffin case at Richmond, Va., on the 22d May, again affirmed the constitutionality of the reconstruction acts. These acts, he declares, do not say that Virginia is outside of the Union, but simply that she has "no legal State government." They speak of her as "a State" and as a "rebel State," and say never a word as to the admitting her "into the Union," but of admitting her "to representation in Congress." Commenting on this decision, the Richmond *Dispatch* says: "Our friends may as well realize at once that there is no conflict between Mr. Chase's opinion and the policy of Congress; and no sort of reason for hoping that we might obtain relief from the Supreme Court of the United States." This is very bad for the Northern Democracy.

In its "last word of cheer" to its party in Washington Territory, the *Herald* on Sunday morning said: "This is the first election held on this coast since an *infamous* Congress has proposed to perpetrate a *foul wrong* upon the people here, by engrafting *fraudulently* upon the Constitution the *infamous* fifteenth amendment. And we wish that the freemen of Washington Territory may have the honor of first rebuking the *foul wrong*." This is powerful writing, to be sure. The result of this "first election on this coast" plainly indicates that the people are willing enough to submit to the "foul wrong" proposed by an "infamous Congress." But we won't taunt or distract anybody with the terrible question, "How would you like for *your* grandmother to marry a nigger?"

There is a beautiful set of Federal officers in Washington Territory. Owing their positions and all the little importance they have acquired to the Republican party, most of them, instead of using their efforts to strengthen the party and secure a triumph for it, have done all they could to distract, weaken and defeat it. They have hardly got their commissions in their pockets before they show their treachery to the party that has favored them. They say that Garfielde has not a good record as a Union man, and that they therefore could not support him. His record is at any rate quite as good as that of Judge Dennison, who published articles in the newspapers at the beginning of the war which squinted strongly toward secession, and if he was a good enough Union man to stump for the two nobodies who have represented the Territory in Congress for the last four years, he was quite good enough for them to vote for last Monday. Those little great ones of Washington Territory will yet come down from the high position they have taken.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, June 8.—At eleven o'clock last night James Bradford shot at a woman in a house of ill fame, on Sacramento street. [illegible] officer English, who attempted to arrest him, he drew his pistol and would have fired had he not been covered by the officer's revolver. His bail was fixed at $5,000.

A fire broke out at five A. M. to-day in the wholesale drug store of Redington, Hostetter & Co. The flames were extinguished with a damage to the stock of three thousand dollars.

A post mortem examination in the case of R. Hearing, pastor of Saint Mark's Church, who died suddenly yesterday, revealed the fact that death was caused by apoplexy.

Special officer Kirman was arrested to-day on a charge of assault and battery, preferred by F. W. Chapman, whom he arrested Sunday night while walking along the street in a state of somnambulism. Chapman alleges that Kirman used him roughly and drew his pistol on him.

A stranger was found at ten o'clock last night in Jones Alley, in an insensible condition. He states that he was knocked down by two men and robbed of forty dollars.

Major Gen. Halleck, with Col. R. Scott and Capt. Whittier, aids de camp, start overland to-morrow for Louisville, the headquarters of the Division of the South, where Halleck will assume command.

The reception of Senator Casserly last night was a very poor affair. A small crowd of the Democracy gathered in front of the Occidental to listen to an address from Casserly denouncing the 15th amendment to the Constitution.

FROM THE NORTH.

Washington Territory Election.

SEATTLE, June 8.—The returns from eight counties give S. Garfield, Republican candidate for Delegate to Congress, four hundred and twenty-one majority, indicating that he will be elected by from three to five hundred majority. Twelve counties are yet to hear from.

The election passed off quietly. A large amount of money changed hands.

NEVADA.

CARSON, June 8.—A little past nine last night, L. H. Dyer, proprietor of the Reno stage line, and Wash Small, assistant postmaster, started for Warm Springs. Upon turning the corner opposite the St. Charles the team became frightened and upset the buggy, breaking one of Small's legs and injuring Mr. Dyer pretty severely. Both are comfortable as could be expected.

THE WEST.

A contract for building a city hall at Olympia has been let out for $6,500.

The total amount of public lands disposed of at Olympia during the month of May was 22,728 acres.

Under the heading "More Mongrelism" the Marysville (Cal.) *Appeal* announces that "three white men, a Chinaman and a negro were escorted to the State Prison on Thursday from Nevada county."

Judge David Noggle, Chief Justice of Idaho, and family arrived in Boise on the evening of June 1st, and Judge Lewis, Associate Justice, with his wife, and W. H. Moulton, U. S. Marshal, with his wife, arrived on the 2d.

A Walla Walla paper says: A daughter of R. H. Beaman, six years old, living on the Tucan non near King's station, was bitten on the heel by a rattlesnake, on the 22d ult. Every effort was being made to save her at the time our informant left, and four or five days having elapsed since the occurrence, strong hopes were entertained of success.

An Olympia paper says: Every one who will notice the large passenger lists of the down Sound steamers will observe the largely increased travel over any time heretofore. The travel has increased three-fold over last year, and is growing in every direction. The stages generally go crowded each way, beside other conveyances and foot travelers across the country.

Says the Walla Walla *Union*: The crops in the valley are suffering much from the dry spell we are having, and rain must come soon to insure even half a crop. Some fields of wheat are already heading out on straw 8 inches or a foot high. The fruit crop looks well and will be a success. The country has been filled with a dense smoke for several days past.

An Owyhee paper says: An order came from headquarters on Tuesday to W. H. Clark, of Flint district, to dispose of the loose property of the Rising Star Company and abandon all operations on the mine and mill for the present. There will be nothing more done by the company, we presume, until fall, at any rate, unless an entire change of programme is adopted.

McClellan Again.

General McClellan's article on Jomini, in the June number of the *Galaxy*, closes with an account of a personal interview which the writer had with the French General about a year ago. In the course of the interview Jomini gave some reminiscences of his own early days in the army of Napoleon, one of which Gen. McClellan gives as illustrating the peculiar qualities of the Emperor's great mind. It is as follows:—

"During the battle of Essling the victorious progress of the French was arrested by the destruction of the bridge over the main Danube, while a large portion of their army still remained on the Vienna bank. It was clear that nothing could be done but hold the positions of Essling, Aspern, etc., until nightfall, in order to secure a retreat into the island of Lobau. While the Archduke Charles was making his most desperate attacks upon Massena in Essling, Napoleon was sitting on the ground dictating orders to several aides de camp, when Massena's senior aide approached, and reported that the Marshal had directed him to say that if he was expected to hold Essling he must have reinforcements, otherwise it would be impossible. The Emperor quietly looked up at the aide, and pointing to the ground immediately in front, where Lannes lost his life, and where the enemy was at that moment attacking in great force, and with much vigor, said, 'I should be very glad to have Massena's troops there. Tell him that I have no reinforcements to give him; he must hold the village at any cost, with what means he has; he must do the best he can in his own way; and tell him that it is *his* business and not mine. Say to him not to trouble me again about it.' He then quietly resumed his dictation.

"These orders were the detailed orders of march for that wonderful concentration of troops from Illyria, Dalmatia, Northern Italy, Naples, Spain, France, the Tyrol, Belgium, etc., which was carried into effect the day before the battle of Wagram. Jomini mentioned this as a most striking instance of Napoleon's marvelous control over his mind, the moment he saw that the day was lost he sat down where he happened to be—under fire—and at once began the arrangement of the combinations that led to Wagram. The Emperor was indeed fortunate in possessing such lieutenants as Massena, to whom he could confidently intrust the defence of a vital point with insufficient means, telling him that it was *not his* business to attend to it."

It seems quite likely that General McClellan, in reporting this story, may have had in his mind some recollections of a similar critical period in the battle of Antietam. The memory of most of our readers will enable them to trace the parallel, and see where it ends.

A Protestant newspaper is projected at Seville, Spain.

THE DAY fixed to [illegible] work on the East Side Railroad is July 1st. By that time the Company will have sufficient Railroad Iron on the way or in Portland to complete twenty miles of road. Workmen without employment should be patient for the Company will give employment to a thousand men, at good wages, and of course KOHN & FISHEL will continue to sell the very best clothing in that time at remarkably low figures.

We have at our Rooms on hand an article of Old O. K. Cutter Whisky, to which we call the attention of connoisseurs "and defy competition." One call at the International Saloon will be enough to satisfy the most fastidious.

Cost Nothing to be INSURED!

This is Additional Security, Without Cost to the Insured, that the Capital Stock bears its own Interest!

THE PUBLIC CAN ACQUAINT ITSELF WITH the business reputation and standing of the Stockholders and Directors of the Company, and determine from that knowledge whether the affairs of the Company are likely to be honestly and fairly administered for the benefit of the Insured.

POLICIES ISSUED BY THE

PACIFIC MUTUAL

ARE NON-FORFEITABLE,

And by the Laws of California,

EXEMPT FROM EXECUTION!

The Company will at any time make AN ADVANCE of Cash on its Policies as future Dividends.

No permits or extra rates required for traveling East or in Europe.

Dividends actually non forfeitable.

Thirty days grace on the payment of all Premiums.

After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash.

The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by January 1, 1870. This sum, enormous as it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of it. For instance: Its yield in the East at 6 per cent., compounded annually for ten years, is $616,564 96; here at 12 per cent, for five years, and 10 per cent for six, compounded monthly, $25,090,906 62, or a difference of over twenty-five millions.

With these facts in view what Company will likely pay the largest Dividend? The funds of the PACIFIC are all loaned at 1 to 1¼ per cent. per month.

Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth. This involves the sending away annually, to keep up the Premiums on Policies already issued, at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.

The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

HYGEIAN HOME

WATER CURE,

637 California Street,

Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,

SAN FRANCISCO.

WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.

In January last DR. SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.

HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.

And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored, and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.

There is not one man in twenty suffering from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhea or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchial and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhea, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs.

Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases).

N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness. The greatest care and neatness is observed in this respect. No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.

We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR. SMITH, which is connected with the Home, is chiefly devoted to the accommodation of ladies desiring Hygienic medical treatment.

We have for the past ten years made the treatment of female diseases a specialty, and have treated a great number of females, both in the Institute and in their private residences in this city, Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhage, Sterility, Curvatures of the Spine, Inflammations, Congestions, and ALL NERVOUS DISEASES, together with diseases common to all.

The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that *can be made well* and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure. From all who have come to us and been treated we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGIENIC MEDICATION, for they not only get well, but learn how to keep well.

Terms for Ladies, $20 a week, or $100 for six weeks (Board, Room and treatment).

DR. SMITH gives FREE Lectures to his patients every Wednesday evening, and also Lectures before the Ladies' Hygienic Society the first Wednesday in each month.

TWO SHOTS A SECOND!

Rifles, Carbines, Rifled Muskets

AND

FIXED AMMUNITION.

"IMPROVED HENRY PATENT."

MANUFACTURED BY

THE WINCHESTER REPEATING ARMS COMPANY.

THE ABOVE COMPANY HAVE PURCHASED THE Celebrated "Henry Patent," and greatly improved on the same, are now making a vastly superior arm, which excels all others for power, accuracy, convenience and rapidity of loading and firing. The Infantry Rifle, with Bayonet, is the most perfect and beautiful military arm ever produced, and the Sporting Rifle and Carbine are unequaled. These splendid weapons will deliver at the rate of TWO SHOTS A SECOND.

The Carbines carry thirteen shots in the magazine and one in the barrel, and the Rifle seventeen shots in the magazine and one in the barrel, or eighteen shots, all of which can be fired with precision by an expert, in nine *seconds*. Another great advantage these Rifles have over all others is that they can be loaded and fired as SINGLE BREECH LOADERS, at the rate of *twenty shots per minute*, and at the same time retain in the magazine sixteen shots in reserve. The above company are also giving special attention to the manufacture of FIXED AMMUNITION, and their CARTRIDGES are justly celebrated for their superior quality. None are genuine except those having "Flat Point" bullets, and the letter H raised on the head of the copper shell. The undersigned now offer to the trade a full assortment of the ARMS and AMMUNITION manufactured by "The Winchester Arms Company," and on terms more advantageous than they can be imported.

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.

Having examined the New Patent Shaft Coupling, invented by H. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

IN EVERY COUNTY ON THE PACIFIC COAST TO sell this Great National Work. It is the only book yet published in the United States which contains a complete History of the Rise, Progress and Doings of the various Political Parties, commencing with the First Settlement in Virginia in 1607 and ending with the Inauguration of President Grant. It contains extracts from speeches of more than One Hundred Leading Statesmen and others among whom are George Washington, Rufus King, Charles Pinckney, Patrick Henry, James Madison, Henry Clay, Daniel Webster, John C. Calhoun, Abraham Lincoln, W. H. Seward, Edward D. Baker, Jefferson Davis and Alexander H. Stephens. The work is a large octavo, containing 765 pages, and is elegantly illustrated with 21 Steel plate Engravings. Of it the Press speaks in the highest praise. Those owning the work say they would not part with it for $100 if they could not replace it. Its merit as a Book of Reference entitles it to a prominent place in every library, and no citizen who desires to be familiar with his country should be without it.

Exclusive territory may be had by making immediate application to the publishers.

[DISPATCHES TO THE OREGONIAN.]

DATES TO JUNE 8.

Washington News.

WASHINGTON, June 7.—The Rev. S. J. Cramer, U. S. Consul to Leipsig, brother in law of President Grant, arrived here on Saturday evening, accompanied by his wife. Both are stopping at the Executive mansion.

The President has appointed Jos. T. Hale, U. S. Marshal for Nebraska.

Commissioner Delano has decided that the stamps issued to the Warden of the western penitentiary of Pennsylvania, to be affixed to boxes of cigars made there, were without the slightest authority of the laws.

There was considerable rioting during the day on account of the election. The excitement in the afternoon assumed serious proportions amounting almost to a battle between the police and the negroes who attacked Chas. Stewart and attempted to lynch him. The police rescued him from the difficulty. Several of the police were injured with stones, etc., by the negroes. Finally after warning the negroes to disperse the police fired a volley into the crowd, killing one and wounding several. Mayor Bowen soon appeared on the ground and is busily engaged endeavoring to restore order and quiet. The excitement was allayed with difficulty.

WASHINGTON, June 7.—No disturbances have occurred to-night. The vote is lighter to-day than at the municipal election last year. The Republicans nominated J. F. Cook, colored, for Register, one colored Alderman out of the seven and six colored Councilmen out of the twenty one. The result is not yet known, but it is believed they have been successful.

A Railroad Bender.

SUMMIT OF BLACK HILLS, (8,258 feet above sea level), June 7th, 7 P. M.—The Pullman dining car, the *International*, the pioneer of its class ever the Pacific Railroad, is passing the summit, accompanied by two of the Pullman palace sleeping cars, forming part of a through train to Sacramento. Among the passengers from the East are Gen. C. McCook, formerly of Colorado, wife and child, Gov. Bross, of the Chicago *Tribune*, and wife, and Miss Stewart, of Chicago, Prof. Miller, of the Rush Medical College; proprietor of the Brevoort House, of New York; Fitch, of the San Francisco *Bulletin*, wife and two children, Swinton, of the New York *Times*, and two children; Elliott, of the Oregon Central Railroad, J. W. Simonton, of the Associated Press, and wife and others, in all, 146 passengers. The dining car seats 48 at the table at once. In the center is a compact but pleasant kitchen, with ice-box and provisions in a cellar beneath. The dinner is now being served while moving across the wilderness of thirty miles, over an excellent road and the cars free from dust and thoroughly ventilated with delicious soft mountain air. The party are partaking of as luxurious a meal as a first-class eating hotel can afford. They vote unanimously that no railroad traveling in America or Europe equals this for comfort or pleasure for men, women or children.

Naval Matters.

CHICAGO, June 7.—The graduating class of the Naval Academy start from Boston in the frigate *Sabine* on their yearly cruise early next month. They expect to spend next winter in the Mediterranean, and will visit Asia and South America.

The Indian Troubles.

ST. LOUIS, June 7.—Despatches from Western Kansas say a courier from Adjutant General Murphuse, who left Fort Saline with scouts on Friday, reached Ellsworth on Saturday, for help to take care of the wounded. The courier represents that what are left of the Swedes in that region are preparing to leave.

CHICAGO, June 7.—The mail party due at Fort Learned on the 2d inst. has not been heard from. It is supposed they have been captured. Guides have been sent to the different stations on the railroad to protect life and property. Bands of Indians were discovered crossing the railroad going north and south. A surveying party was attacked on the Solomon a few days since. They came into Hayes City on Saturday, being unable to do anything on account of the Indians.

Georgia Affairs.

ATLANTA, June 7.—The Warrenton *Clipper* pronounces the letter purporting to have been written by Mrs. Atkins a forgery. General Terry has ordered two companies of infantry to Warrenton with instructions to the commanding officer to aid the civil authorities to ferret out the murderers.

Miscellaneous.

ALBANY, June 7.—The National Typographical Union appointed a credential committee and adjourned at noon. 120 delegates were present.

The large shops for the building of bridges at one of the Erie Railroads were burned this morning.

ALBANY, June 7.—In the National Typographical Convention, the Committee on Credentials, reported, calling attention to the large number of proxy representatives and recommending their rejection; also recommending the admission to seats of ladies representing the Women's Typographical Union of Newport. Report accepted.

ST. LOUIS, June 7.—A Denver dispatch says that arrangements have been made by Governor Evans for the early completion of the Denver Pacific Railroad. He starts East to-morrow to complete the contract with the U. P. R. R. for laying the track and equipping the road.

OMAHA, June 7.—Generals Sheridan and Doubleday and party, arrived yesterday and will leave for the West to-day.

ATLANTA, June 7.—Gen. Terry gave a military escort to Sheriff Norris, to Warrenton, and has sent troops to assist him in arresting the assassins of Senator Atkins.

BOSTON, June 7.—Jas. M. Murdock, the wealthy retired merchant, residing a Brighton, was thrown from his carriage last evening and killed. His sister, Mrs. Wilder, and two other occupants of the carriage, were considerably injured.

MONTPELIER, June 8.—The Union block at St. Albans, yesterday, was damaged by fire to the amount of $10,000.

CINCINNATI, June 8.—The bodies of two unknown men, supposed to have been drowned at the time of the late steamboat fire, were found in the river to-day.

NEW YORK, June 8.—It has been discovered that Gen. D. Hastings, Secretary of the Hartford Trust Co., has embezzled over $20,000 of the Toland Connecticut Bank while cashier of that institution. The deficit has been made good by his father. He has been obliged to resign his position in the Trust Company.

CHICAGO, June 7.—Louis A. Delane has brought suit against Barton Able, formerly U. S. Revenue Collector, for taking possession of his distillery last December, praying damages of $20,000.

LOUISVILLE, June 7.—Considerable excitement prevails in the lower part of the city, caused by the weekly meeting of negroes, who it is alleged are uniformed and have regular drills. Steps have been taken to ascertain if the meetings are of a peaceful or warlike character.

LEAVENWORTH, June 7.—A large excursion party of Eastern railroad men, representing several of the principal roads connecting New York and Chicago, arrived here to-day. The visit is in connection with making a direct line from New York via the Lake Shore, Michigan Southern and Rock Island railroads to this city, and hence to the Kansas and Pacific at Topeka.

A HONEYMOON SEEN BY HAWTHORNE.—They were loving, and while the stage stopped I watched them, quite entranced to each other, both leaning sideways against the back of the coach, and pursuing their mutual comeliness and apparently making complimentary observations upon it to one another. The bride appeared the most absorbed and devoted, referring her whole being to him. The gentleman appeared in a most paradisial mood, smiling ineffably upon his bride and, when she spoke, responding to her with a benignant expression of matrimonial sweetness, and, as it were, compassion for the "weaker vessel," mingled with great love and pleasant humor. It was very droll. The driver peeped into the coach once, and said that he had his arm around her waist. He took little freedoms with her, tapping her with his cane—love taps, and she seemed to see nothing amiss. They kept eating gingerbread all along the road, and dined heartily, notwithstanding.

Jecker, the Swiss banker, whose loan gave rise to the French expedition to Mexico, is preparing a volume of reminiscences.

GENERAL NEWS ITEMS

A west Texas farmer, fearful that his cattle will stray out of his little yard of 150,000 acres, has fenced it in.

Many of the new Consuls are reported to have resigned when they found out that the office didn't include a trip through Europe.

The English Presbyterian Church contains only 120 congregations, which had last year a membership of 21,697 and 1,929 Sabbath school teachers and 17,794 scholars.

Omaha objects strongly to being spoken of by papers east of it as in "the Far West." The *Republican* says that Omaha is only the point at which travelers gather for the purpose of starting west.

A family of emigrants from Maine reached Osage, Iowa, on a Friday, and on the same day took possession of a tract of unimproved land. On Saturday they went to housekeeping, and on Monday were busy sowing wheat.

A paragraph has been going the rounds to the effect that Captain Ericsson died recently of hydrophobia. The statement is not true; the man referred to in the original paragraph was named Eckerson. We shall hear more of the solar engines yet.

The Norfolk *Journal* makes a practical suggestion on the subject of annexing parts of Maryland and Virginia to Delaware. It asks Governor Wise to write a letter of three or four columns to the discontented Accomakians, advising them to stick to the old State.

The New Orleans *Times* says that the receipts of cotton at that port, by the first of September next, will not fall short of 850,000 bales, amounting in value to $109,000,000—"which will be the largest amount ever received at any port on this continent from the single product of the country."

The gentlemen who compose the committee for perfecting the arrangements for the forthcoming Wool Exposition at Cincinnati, report that a great interest is taken in the matter by the woolgrowers of the West, the sum of $10,000 having already been subscribed to defray the necessary expenses.

It is a fact worthy of special remark, that the ways and means committee, having drawn ten thousand dollars for traveling and other expenses during the summer, has returned half of it, and the proposed trip to California is abandoned. The members will pay their own expenses while on duty during the recess.

The Delaware Indians no longer have a separate organization. They have been consolidated with the Cherokees, and $278,000 worth of six per cent bonds have been transferred to the funds of the latter nation. It is designed to consolidate as many tribes as possible to save the expense and trouble of separate sets of officers.

Mr. Beecher lately referred with some feeling to his experiences with the applicants for relief (*i. e.* money) who are constantly pressing upon his time and means. He said that he had made loans to individuals from all over the country, putting forth all sorts of piteous appeals and pleas; but he had never known his money to come back except in one instance, and that was when he loaned $3 to a poor negro woman.

A Washington dispatch says: Several of the military officers assigned in recent orders to duty as Indian Superintendents and Agents, are by no means pleased at the prospect of Indian service in civil capacities, and such of them as have influence at Court are endeavoring to obtain position in some other department. No resignations however have been offered, and most of them will accept the situation, at least for the present.

An Indiana paper tells this story of a jealous mother. She had several children when she married her present husband, who was then a widower, likewise blessed with a large flock. Not long ago, leading in family prayer, the good old man asked for blessings on his own children, but did not particularly refer to those of his wife. The mother had, however, been watchful, and as soon as devotions were over mentioned the omission. A slight quarrel followed, at the close of which the old lady hit her husband on the head with a fire shovel, and since that time there has been no discrimination.

General Spinner, Treasurer of the United States, wishes to inform the public that those who send out circulars offering to furnish exact copies of United States notes, and who inclose genuine ten or twenty cent notes as specimens of counterfeits in which they deal, gain a living not by infringing on the law of the United States against counterfeiting, but either by cheating their victims out of the whole amount sent them, or by returning therefor small photographs of United States notes, or something similar, which cannot be passed as money. As the laws of the United States take no cognizance of such offences, the Treasury Department cannot undertake to secure the arrest and punishment of the offenders, but must leave them to be taken care of by local laws and authorities.

How to Manage Precocious Children.

Many of the most prominent children are sacrificed by a desire to bring them forward in advance of other children, and this desire is stimulated by natural instincts. Every living creature rejoices in the faculties which God has given it. "as a strong man to run a race." The boy whose muscles are well developed will never keep still, but is ready for anything, good or bad, in which he can stir himself. To such a one study is a punishment. But the boy whose muscles are not well developed, sits and reads, and the appetite, of course, conforms to the kind and amount of exercise. If he wastes his muscles in exercise, his appetite will demand the muscle making nitrates to supply the waste. If he wastes the phosphorus of the brain by study, he will desire phosphorus to restore it. While the fat and stupid boy, who has neither muscle nor brain, will crave carbonaceous articles to feed his stupidity, and indulgence in these appetites will, of course, increase the peculiarity.

I have seen the little kingbird, after an hour of extraordinary exertions in driving from the neighborhood an intruding hawk, devote the next hour to catching bees and hornets, which abound both in nitrates and phosphorus, as a means of restoring his muscular and vital energy. The bird is safe in following his inclinations, living as it does according to natural laws and having no abnormal development of faculties, and no abnormal appetites, it can eat what it desires, and as much with perfect impunity.

But the child, changed in its condition as it may be by the ignorance and folly of its parents, even before its birth, is abnormally developed, and of course has abnormal appetites.

Indulging these appetites, in case of precocity of the brain, of course increases the excitement of the brain, and the result is inflammation and premature death.

A child with a precocious brain, or who is very forward, to use the common expression is of course more liable to dangerous diseases of the brain than other children, but if parents would give the subject thought, and use their reason in this, as in other less important matters, these diseases might generally be warded off.

If our eyes have been overworked, or are weak and liable to inflammation, we avoid overusing them, especially in the strong light, and if so inflamed that too much light and all use of them gives them pain, we shut out light altogether and give them rest until they recover. Both light and seeing are pleasant to the eyes in health, and absolutely necessary to give them health and strength, but, when diseased, are both alike injurious, and we avoid the influence of both until they recover. And when only weak, and not absolutely diseased, we are careful to have the light or use the eye only moderately or carefully. So of any other organ or faculty—that which is necessary to it in health must be carefully used in tendency to disease.

Apply this principle to a precocious brain. The brain is dependent on appropriate exercise and a supply of phosphorous in health as is the eye on exercise and light; and as we withdraw the exercise and light in weakness and disease, so should we allow the brain to rest from exercise and phosphatic food in case of disease or premature development.—*Bellows' Philosophy of Eating.*

THE WEST

The number of prisoners in the California penitentiary is 744.

The American Fur Company's steamship *Constantine*, Captain George, arrived at Nanaimo on the 1st June, from Cook's Inlet, Kodiac and Sitka. She takes in coal and goes to San Francisco.

The Bellingham Bay coal mine is now full of water to the first level, but it will be necessary to dam up some thirty feet, to introduce water into the upper chambers where the fire still exists.

The San Francisco *Bulletin* says: The Central Pacific folks will doubtless build a branch road to Oregon, and some of the Nevada journals urge them to undertake a road through Eastern Nevada, from the Humboldt to the Colorado, via White Pine.

The City Council of Victoria have resolved to prohibit the use of velocipedes on the public sidewalks after the hour of eight o'clock in the morning. If velocipedestrians desire to take exercise on those new-fangled hobby horses, they must hereafter do so at a seasonable hour in the morning.

The *Western* says: "Bishop Kingsley presides over the Colorado Conference, June 24th; the Oregon, August 12th; the Nevada, September 24; and the California, September 15th. After this he embarks at San Francisco for China and India, visiting, as he returns on his around-the-world journey, Germany, France, England, and Ireland."

Literary Items.

Homer's *Odyssey* has been translated into Low German by Dr. Lehmann, President of the New Stettin Lyceum.

Mr. Anthony Trollope's next novel will be entitled "The Vicar of Bullhampton." It will appear in England in *Once a Week*, and here in *Lippincott's Magazine*.

"The Monkey Who Weeps" is the title of a French burlesque on Victor Hugo's last novel, "The Man Who Laughs." Seventeen burlesques on the book have already appeared, and more are announced.

The manuscript of the second volume of Mme. Victor Hugo's work on the life of her husband, the first volume of which was issued in 1863, will not be allowed to be published until after M. Hugo's death.

A. H. Stephens is gradually recovering from his severe illness, and now walks about his room supported by chairs. He hopes in the course of a few weeks to resume his labors on the second volumes of his "War between the States."

The Cruise of Admiral Farragut is the title of a volume of noble proportions, published by subscription by G. P. Putnam & Co., and offered to the New England public by H. A. Brown & Co. The work is by J. E. Montgomery of the Admiral's staff, and gives a minute narrative of the voyage of the flag-ship *Franklin* in European waters in 1867-8.

The largest Bible in the world is for sale. It consists of sixty-three folio volumes [illegible] bound, containing more than a thousand original drawings and photographs and nearly ten thousand engravings, besides three hundred and sixty specimen leaves of old and rare editions of the Bible. The work was done by a gentleman in Manchester, who collected the pictures and inserted them between the leaves of Macklin's folio edition.

SHORT STORIES.—No doubt one of the most agreeable things in literature is a thoroughly good short story. At the same time it is one of the most difficult to obtain. We have few or no trained writers in this branch of composition. Our professional novelists rarely attempt the short story, and when they do, are far from increasing their reputation thereby. Since the time of Poe there has been no one eminently successful in this branch—no one whose invention or art has been sufficient for great success. A good short story should have one fresh, central incident, two or three well conceived and sharply drawn characters, a certain symmetrical unity in construction, a deep significance in the catastrophe or climax—not necessary a moral, as ordinarily understood, but as nothing should be purposeless, the short story should illustrate some defect or virtue in human character, or portray some special experience whereby the imagination of the reader may be gratified, his sympathies awakened or his knowledge of the world increased. It is not easy to fix the limitations to the short story. Its construction is an art, far more so than is generally believed. It has its laws and bears very nearly the same relation to the novel that the song does to poetry, which always properly possess one definite idea thrown into a compact, symmetrical form. Writers of short stories cannot hope to attain success unless they make this form of composition a profound study; they must have brevity of expression, conception of character, keen feeling for unity and symmetry in art, and very decided dramatic perceptions. All these qualifications are necessary, but many of them can be acquired by study. There is no reason why we should not have a corps of men and women especially trained in this branch of art, and capable of producing a regular supply of highly enjoyable novels in miniature.—*Appletons' Journal.*

THE UTAH RAILROAD.—President Grant has informed President Young, says the Corinne (Utah) *Reporter*, that the Utah Central Railroad cannot be built just now, as the United States have not granted the right of way. What! interfere with the building of a railroad, to be used in the interest of the Lord, in carrying saints and pork to the city of the New Jerusalem? A road to be used in gathering the chosen people of Israel, and of the royal house of Jacob, out of Babylon! Presumptuous Grant. Know you not the road will be built, and the thunders of this old sinner of the mountains, from his throne to the tabernacle, will make you suddenly remember that he is a relation of yours, and he will have his own way."

I'm going home to dine no more

Stiggings, the new married man, says his wife is a perfect rose. The only drawback to his happiness is, that she blows out a "leetle" too often.

"*Prisoner, you are charged with begging on the public street on Sunday, on the pretense that you are suffering from a grievous wound.*" "Well, it is all true." "Why didn't you show your wound to the police, then, when asked to see it?" "I couldn't, your honor. My wound is closed on Sunday."

A man who lately sued a lady for breach of promise was offered two hundred dollars to settle. "What!" cried he, "two hundred dollars for ruined hopes, a shattered mind, a blasted life, and a bleeding heart! Two hundred dollars for all this! Never, never! Make it three, and it's a bargain."

The servant of an army officer one day met a crony, who enquired of him how he got along with his fiery master. "Oh, excellently!" answered the servant, "we live on very friendly terms; every morning we beat each other's coats; the only difference is, he takes his off to be beaten, and I keep mine on."

At Erie (Pa.) the other day, a woman entered a dry goods store and asked to see some "mournin' stuff." The clerk inquiring how the deceased was related to her, she replied: "The fact is, there ain't nobody dead as I knows on, but the doctor says my old man can't live mor'n a week or so at the furthest, an' bein' as 'twas market day, and I was in town, I thought I had better be gettin' the funeral fixins, and make 'em up, 'cause it's a real bother to get 'em made when there's dead folks in the house, an' I hate to borrow."

The Season at Niagara.

A correspondent of the Newark (N. J.) *Courier* gives the following facts of the season at Niagara:

The "season" is just opening, and already the International begins to receive its guests. The Cataract will open on the 15th, and the Clifton about the first of June. The houses have all had their yearly cleaning, and, fresh with new paint and improvements, offer their hospitality to the public at $4 50 per diem, omnibus and porterage extra. Those people who have been deterred from visiting Niagara on [illegible] of the stories which have reached them of the swindling here carried on by the hackmen, porters, and runners generally (which stories had a strong foundation in fact,) may now ease their fears, and come to Niagara, assured that in this respect the place has been greatly changed for the better. The village authorities have passed the most stringent ordinances regarding hacks, established reasonable rates of charges, and made it [illegible] where overcharges are made. No runners are allowed upon the trains, nor to follow up passengers at the depot, or importune them on the street; the so-called guides are abolished, and in fact, everything looking to the comfort of strangers has been [illegible] to, at least by law. Whether the regulations will be strictly enforced remains to be seen; but as the "Niagara Frontier Police" have jurisdiction here, and are said to be an effective force, I presume at all [illegible] improvement over former seasons will be visible. Talking with residents of the village, I find them much interested in the enforcement of the new laws, none knowing better than they the bad reputation the place has [illegible] from travelers, and knowing, also, that it is to their advantage to have these matters changed. They have formed among themselves an "Association for the Protection of Strangers," and will see that the "bummers" are [illegible]. The completion of the new suspension bridge near the American fall [illegible] to Canada easier; the row-boat ferry will probably suffer in consequence. The Porters, who own Goat Island, have raised the fees for visiting the island to fifty cents each visit. Formerly twenty-five cents paid for a year. This does not look like a very large affair, but under the old rates th[illegible] an income of $[illegible]0,000, per year.

Western Dialect.—A letter written by a young Yankee, living in Indiana, thus refers to some of the peculiarities of the Hoosier dialect. He says:

Some one ought to write a novel and draw the characters and dialect of this region. It would excel any version of our Yankee tongue I ever saw. No one here undertakes anything; individuals always "gather hold." So, too, we have no mean, low-lived citizens; but there is an extensive class of "ornary pups," who are worse than anything I ever saw East.

One thing that strikes a Yankee is that no person ever [illegible] always "p[illegible] it." So, t[illegible] very well, thank you," but is alway[illegible] or "[illegible] peart." No one at [illegible] but always "after a bit." [illegible] to express him[illegible] he says he will be "d[illegible] may be. Nor do we have [illegible] every [illegible]," or "[illegible] says, "the[illegible] for an hour." On inquiring for any one, you are told, "I haven't saw him," or "[illegible] saw him last." We have [illegible] it is all "dine." We have no old settlers here, but some very aged [illegible]

People very often say, when excited and wanting to blow off steam, "darn my cats and dogs," or "dog my cats," and it seems to relieve their feelings wonderfully. When we speak of a crowd, it is of the "whole biling." So [illegible] we get through any smart transaction, it is always, "I made the riffle," and when we get a fellow in a spot out of which he cannot very well slip, we have the "dead wood on him," or the "dead open and shut." When friends get vexed they "sour on each other." A good fellow always has "his head level," and will "do to tie to." When people approve your course, they tell you "you're mighty right," or else "now you're talking." If one wishes to surprise you by a description, it is always "the biggest kind of a thing." When a poor [illegible] he endures another misfortune is being "fitted." When you account for anything that [illegible], you are comforted by the assurance that its "that-a-way, is it?" I have scribbled enough, especially as the dinner bell has "been done rung" for some time.

THE WILLAMETTE FARMER.

Devoted to Agriculture, and the other Industrial Interests of the North Pacific Coast.

RECOMMENDED BY THE STATE AGRICULTURAL SOCIETY.

THE NECESSITY WHICH HAS SO LONG EXisted in Oregon for a Journal where Farmers and other laboring men could meet and discuss their mutual interests, is obviated by the establishment of the WILLAMETTE FARMER.

The paper will advocate and labor for all interests that will advance the prosperity of the Farmer and Mechanic, and will have in view especially the encouragement of the cultivation and improvement of the soil, and the agricultural development of the State; fostering every branch of mechanical and household arts calculated to increase the happiness of home life, and extending and facilitating the various branches of Agriculture, Stock Raising, and Mining and mining interests.

Especial attention will be paid to the department of

Domestic and Eastern News,

And the subscribers to the FARMER will receive each week a careful and complete synopsis of all the news of the State and adjoining Territories, compiled from our exchanges and other sources, as well as a summary of Eastern telegraphic news,—thus furnishing our readers a complete

THE MAMMOTH OX!

TO THE PEOPLE OF OREGON: LOOK TO YOUR INTERESTS!

F. M. MORRIS AND W. C. AVERY,

BOTH OLD OREGONIANS AND HAVING, NO doubt,

THE LARGEST OX IN THE WORLD!

proposes to the people of Oregon to take this Monster OX to the Atlantic States and exhibit the same as an Oregon production; and before leaving the State they wish every man, woman and child to see

Mt. Hood upon Legs!

and in order to give them an opportunity, they will exhibit him in the principal towns on the Willamette, for the sum of 25 cents, children half price. Their object in doing this is to raise the necessary cash to pay transportation. *All those who think it would have a tendency* to wake up the people of the Eastern States to realize the fact that there is such a place as Oregon on the Pacific Slope, and that not only large cattle but every thing else is far in advance of the rest of the world, and that all that is required is industry and economy to realize a fortune in Oregon in a few years at most—and the best place to enjoy life after you have accumulated a fortune.

Business men—make a note of this and remember—MONEY MAKES THE OX GO, and patronize accordingly.

The MAMMOTH OX has been removed to the corner of Morrison and Third streets, where he can be seen through the day and until 10 o'clock at night.

W. C. Avery will also have a supply of MRS. STIPP'S THORACIC BALSAM on hand. m17dtf

THE APPETITE FOR TOBACCO DESTROYED!

LEAVE OFF SMOKING AND CHEWING THE POISONOUS WEED, TOBACCO.

ORTON'S PREPARATION!

ESTABLISHED 1866.

One box of Orton's Preparation is warranted to destroy the appetite for Tobacco in any person, no matter how strong the habit may be. *If it fails in any case the money will be refunded. It is perfectly safe and harmless in all cases.* It is almost impossible to break off the use of Tobacco by the mere exercise of the will. Something is needed to assist nature in overcoming a habit so firmly rooted. With the help of the Preparation, there is not the least trouble. Hundreds have used it who are willing to bear witness that Orton's Preparation completely destroys the appetite for Tobacco, and leaves the person as free from any desire for it as before he commenced its use. The Preparation acts directly upon the same glands and secretions affected by Tobacco, and through these upon the blood, thoroughly cleaning the poison of Tobacco from the system and thus allaying the unnatural cravings for Tobacco. *No more hankering for Tobacco after using Orton's Preparation. Recollect it is warranted.*

The time taken to allay all desire for Tobacco by the use of the Preparation varies *slightly* in different persons; the *average* time being about *Five days*. Some have no desire for Tobacco whatever after using the Preparation *two days*.

The *Health* and *Purse* of every Tobacco user in the country calls loudly, ABANDON THE USE OF TOBACCO.

RECOMMENDATIONS.

The following are a *few* selected from the multitude of recommendations in our possession.

We, the undersigned, hereby certify that we have used Orton's Preparation for the purpose of destroying the *appetite for Tobacco*, and can assure those who are suffering from this habit that Orton's Preparation will certainly destroy the appetite for Tobacco *quickly and permanently*, and without any bad effect upon the health and without creating an appetite *either for the Preparation or any substitute*.

From Samuel Cessidly, Editor Journal & Argus:

PETALUMA, CALIFORNIA, Dec. 14, 1868.

For about twenty years I had used Tobacco in its various forms, and for the past eight years had been an inveterate smoker. Becoming satisfied that the excessive use of this narcotic was seriously impairing my health, I determined if possible to check myself of the habit. Hearing of Orton's Preparation for destroying the appetite for Tobacco, I sent to Portland, Me., for a box of the medicine, which I received through the mail on the 17th of November. A month has not elapsed and yet the medicine has effectually relieved me from any yearning or desire to use Tobacco *in any form*. The Preparation is not more difficult or unpleasant to take than to commence chewing gum. I conscientiously believe the Preparation will have the promised and desired effect in every instance where it is given a fair trial. Upon that belief and from an honest desire to assist those who wish to break away from the slavish appetite for Tobacco I offer this testimonial.

SAMUEL CESSIDLY.

Beware of Counterfeits and all articles purporting to be like this, of the same name or otherwise. The great popularity of Orton's Preparation has induced unprincipled persons to attempt palming upon the public counterfeit and inferior articles. Purchasers will please order directly from the Proprietor, or his duly authorized Agents.

The price of Orton's Preparation is $2 per box, or three boxes for $5, sent by mail to any part of the country securely sealed from observation, with postage paid on receipt of price.

How to send money by mail.—Enclose the amount in a letter, seal carefully, register the letter and take a receipt for it of your Postmaster. Money sent by mail as above directed at my risk. Address

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has ever been discovered.

It CURES the most obstinate and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months that it has been brought into public notice. The proprietor is so fully convinced of its INFALLIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE, NATHANIEL BELL,
A. L. WALLACE, G. R. WARD,
Mrs. MONTGOMERY, JOHN M. HOLLOWAY,
W. D. PORTER, ROBERT RAMSEY,
And others in that vicinity.

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES.

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cured for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz. Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, feted breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove [illegible] rily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to every patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT home by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from [illegible] and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and [illegible] too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid [illegible] tion is to make enquiry—it will cost you nothing, and may save you many regrets; for as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive you by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.
